

# THE NEW WORLD ORDER. part 1

## Criminal Politicians, Corporate Predators, Psychopathic Warmongers & Corrupt Bankers.

### Introduction

The EU won't give the Ukraine any money.  
They have a process for doing these things.  
The same process that bankrupted; Greece, Italy, Portugal, Ireland, Cyprus & Spain.

They give out loans like confetti for infrastructure projects etc.  
The deals are always covered by security clauses tied to assets.  
The IMF bankers hand out the money.  
The country uses it up & gets into more debt  
And then they need more money.(credit swaps)  
IMF bankers give them refinance deals which costs them more & more each time.  
Until the bank moves in & starts soaking up the assets, taking control of National Institutions.

Eventually they get into so much debt that they need a BAILOUT.  
The terms of the BAILOUT then state in hidden details that they sign over the sovereignty of the country to the EU. (Germans)

This is the way that the Germans won the War for Europe without firing a bullet.  
But the Pentagon wants to control Europe as well, so they have blown up the EU Ukraine gas pipeline (allegedly)  
To force the EU to sign the TTIP trade agreement  
Which gives the US Corporations complete freedom to do what they like in Europe.  
This will possibly start a Civil War when the population finds out what the politicians have done.

### Civil War

Civil War is phased in to the plans for The New World Order.  
The people need to be restricted, used as cheap labour, kept under control & the birth rate controlled.  
They like Civil War & chaos. It helps with their Divide & Rule culture.  
They never actually had to conquer anyone, because they were already in charge.  
But their greed & thirst for power is insatiable.  
It's a win win situation for 1% of the population.  
What else do they know?

### THE SOCIOPATHS:

Sociopaths are people with a psychopathic personality disorder whose behaviour is antisocial, often criminal, and who lack a sense of moral responsibility or social conscience.

The New World Order is just an excuse to destroy countries,  
Plunder their assets & kill the dissenters.  
It creates worldwide chaos not cohesion.

## The New World Order part 2

### The World State vs Individualism

To consider The New World Order you have firstly to consider history.

The Three City States of Power, who rule the world society by population control.

The Secret Societies who wield power by infiltration & influence.

The geopolitical world regions.

The ideology & corruption of power & control.

### History

There are 13 ancient blood lines or illuminati families named as historical power dynasties that have wielded power and influence over the last few centuries.

#### The Rothschilds

The Rothschilds are one such family reputed to own 80% of the world's wealth. The family fortune was started by Mayer Rothschild in 1760 in Frankfurt, Germany. Mayer, a Jewish banker, had five sons who created an international banking empire.

#### The Rockefellers

The Rockefeller family is an American industrial, political, and banking family that made one of the world's largest fortunes in the oil business during the late 19th and early 20th centuries, with John D. Rockefeller and his brother William Rockefeller primarily through Standard Oil. The family is also known for its long association with and control of Chase Manhattan Bank. They are considered to be one of the most powerful families, if not the most powerful family, in the history of the United States. (wikipedia)

#### Secret Societies

Yale University, Skull & Bones, 15 members a year selected for pivotal roles.

The Pitt Club at Cambridge University, Bullingdon Club at Oxford University, the 16' Club at St David's College and the Speculative Society at the University of Edinburgh. Secret Societies tend to involve ritualistic bonding using the occult & homoerotic games.

#### The Council on Foreign Relations

The Council on Foreign Relations (CFR) is an American nonprofit, nonpartisan membership organization, publisher, and think tank specialising in U.S. foreign policy and international affairs. The CFR is considered to be the nation's "most influential foreign-policy think tank". Its membership has included senior politicians, more than a dozen Secretaries of State, CIA directors, bankers, lawyers, professors, and senior media figures.

The CFR regularly convenes meetings at which government officials, global business leaders and prominent members of the intelligence/foreign-policy community discuss major international issues. The council also publishes the bi-monthly journal *Foreign Affairs*, and runs a think tank called the David Rockefeller Studies Program. The CFR was founded in 1921 and is headquartered in New York City, with an additional office in Washington, D.C.

#### The David Rockefeller Studies Program

Influences foreign policy by making recommendations to the presidential administration and diplomatic community, testifying before Congress, interacting with the media, and authoring books, reports, articles, and op-eds on foreign policy issues.

## The Trilateral Commission

The Trilateral Commission was founded to foster substantive political and economic dialogue across North America, Europe and Japan.

“To be effective in meeting common problems, Japan, Western Europe, and North America will have to consult and cooperate more closely.

to develop and carry out coordinated policies on matters affecting their common interests...

To refrain from unilateral actions incompatible with their interdependence

And from actions detrimental to other regions...

And to take advantage of existing international and regional organizations and further enhance their role.

## Insidious Influence

Others such as Noam Chomsky have described the Trilateral Commission's goals in less glowing terms:

“Essentially liberal internationalists from Europe, Japan and the United States, the liberal wing of the intellectual elite. The Trilateral Commission was concerned with trying to induce what they called ‘more moderation in democracy’ – turn people back to passivity and obedience so they don’t put so many constraints on state power and so on. In particular they were worried about young people. They were concerned about the institutions responsible for the indoctrination of the young (that’s their phrase), meaning schools, universities, church and so on – they’re not doing their job, [the young are] not being sufficiently indoctrinated. They’re too free to pursue their own initiatives and concerns and you’ve got to control them better.”

## The Bilderberg Group

Secret planning & lobbying group for an Anti-Democratic European Superstate by the Western Elite.

Founded in 1954, the Bilderberg Group holds "by invitation only" annual meetings of the rich and powerful. About two-thirds of the attendees are European, the rest are American.

## The Three City States.

The Three City States are isolated legal entities outside of any justicial system by having their own principalities. They are a state within a state.

They rule by using; the military, the money supply & religion to control the world population

Washington . Military

City of London. Money

The Vatican. Spiritual.

## The Repression of Individualism.

The object of The New World Order appears to be to control the population & restrict its ability to make decisions which either interfere with or interact upon those of the select few. This method of power & control fails to take into account many aspects of human behaviour. The main flaw appears to be the misconception that they are right in their thinking with their objectives in the first place.

While it is possible to suggest that they may be right, it appears that they have not considered their own fallibility. This surely is an arrogance which defies rationality. The evolution of mankind has shown many misfortunes & a history littered by mistakes. Even on a personal level every man or woman may find themselves to be proved wrong over the passage of time & have to readjust their ideas & behaviour.

The insistence of following a single concept to fruition without adaptation is therefore to adopt a fascist ideology over learned experience.

To take on Social Restructuring & Sovereign Destruction by default without any discussion or approval from the general public or any intellectual debate is verging on insanity.

While The New World Order may be correct in its assertion that we need a better system of governance, there is no reason to believe that the people who undertake this process are the same people who managed to completely destroy the last system of the world economy, Democracy & Justice.

And while they may be obsessed by controlling “the population” they seem not to have noticed the complete disintegration of Law & Order in their own sphere of influence which was the original reason for the failure of the world economy.

First they should put their own house in order.

### **The Free Corporate Society**

The increase in the number of people & corporations operating in the Free Corporate Society has made this pinnacle of greed unsustainable. If as a corporate producer you are going to commit fraud on fraud on fraud you are destroying the economic system which was based on expansion & trust. So creating a New World Order with; Criminal Politicians, Corporate Predators, Psychopathic Warmongers & Corrupt Bankers is bit like building a house on a frozen lake. The problem that will destroy this corrupt ideology is its own corruption not the population that is pretends to serve.

The practicalities of jump starting a New World Order is to deny the existence of God, any God, & to deny the evolution of mankind.

It is such an act of supreme arrogance one can only assume this to be an elite class of sociopaths.

So instead of sorting out their own corruption & updating the Justice system these sycophants who dare to edit our thoughts & minds by censoring their own psychopathic misdemeanours from the main stream media, have decided to form a New World Order to keep their own corruption & greed hidden.

There is another major flaw in this plan to control humanity. This is the repression of individualism. The people in the Three City States of Power have created their own reality which they use to construct their plans. Their sources of reason are based on their own judgements & those of others within their core secret society.

In using main stream media censorship they have unwittingly indoctrinated themselves into believing their own truth. They have restricted their own progression of thought by isolating themselves from external reality & the flow of free thought.

They have spent so much time trying to control others while the general population has by passed them intellectually & moved on.

The trouble with narcissists, sycophants & sociopaths is that they don't understand normal people & therefore they have to have studies to analyse people data which obviously is very time consuming. Whereas normal people know the difference between right & wrong instinctively.

The evolution of The New World Order also involves another psychological diversion. The Bureaucratic Empires.

## The Bureaucratic Empires.

The common use of large office blocks for government & corporate bureaucracies & has led to the evolution of mini societies within those walls.

The structure of the mini society is governed by the political correct regime & middle class pseudo intellectual bigotry.

The vast numbers of people encapsulated in these mini cultures makes them comparatively the size of towns.

This has allowed the evolution of a sub culture of known belief that is actually only known & adhered to within that particular bureaucracy itself. The spheres of ignorance within this mini society are not naturally eradicated by interaction with the outside world & the idiosyncrasies are expanded by the totalitarian repression of the administration.

There is no democracy in this work environment, it is a dictatorship controlled by the management & ultimately the CEO or Director.

Therefore it has evolved into a business model where problems are solved by bureaucratic means, by committee & data analysis. The manipulation of the population by dictat is therefore accepted & this is only a short step from Control & Power without assessing humanitarian consequences or engaging in moral responsibility or social conscience.

## The Ideology & Corruption of The New World Order

While the creation of a New World Order may be necessary.  
We have seen what has happened in the European Union.  
The destruction of Democracy, the failure of the Justice system.  
The acceptance of corruption as normal business practice.

The destruction of the nation states in the EU was never explained to the population or debated.

The ending of legal controls, the intentional destruction of the financial system.

The complete failure of the administration to protect the public from poverty.

No matter how honest the project may have been in concept the resulting practical outcome has been devastating.

And while the bureaucratic servants of the EU state have progressed their remit with forceful abandon.

The result has been an unmitigated disaster for the people of Europe.

While the politicians who pay themselves out of the public purse & the state servants who pay themselves out of the public purse may try to expedite themselves with rational explanations.

It has become obvious to all outside this clique of self seeking parasites that this whole EU project has become a Criminal Conspiracy by organised criminals to defraud & destroy nation states & steal the assets of these nation states.

This is basically a Crime Against Humanity which should be investigated by the international courts in The Hague.

There is also a naivety in the ultimate aims of this group that they will actually be the eventual winners.

If human nature has anything to show from history it is this.

These people are unscrupulous to the extreme.

The eventual winners will be the most powerful & the most genocidal.

The eventual winner then is likely to be the military,

The Pentagon World State.

## **The New World Order (revised)**

The structure of The New World Order should be based on the historic tenets of government.

Law, Justice & Accountancy.

That all governments should agree to & aim for a system for Universal Justice & Democracy.

This means that the Corporations, Off shore Tax Jurisdictions & The Three City States be integrated into a Universal Justice & Democracy system.

That all religious belief should be accepted as an equal & individual part of the Universal Spirit.

That the laws of honesty, integrity & justice should be passed in all government administrations to make; lobbying, fraud & dishonesty a prisonable offence.

That the interference in the administration of government be a treasonable offence.

That the attempted corruption of a government official shall be an imprisonable offence.

That the military corporations be brought back under government control.

That new laws to protect the population from corporate exploitation are introduced.

That new laws to protect the land & sea are introduced.

That sustainable energy & food sources are developed & protected.

That corporations involved in government frauds over the past 20 years have their assets confiscated.

That information should be open source & honestly presented.
