RUSSIA WINS IT ALL

Several months ago the orders came from on high to cancel the Vaccine since it was only meant to kill humans

Faction 1 - Earth Destroyers - Rothchilds/Bauery Boys/Fallen Angels gave the order to create a Fake Pandemic and vaccinate every one and install 5G to kill the entire human race

Faction 2 - -Earth Savers - Those trying not to destroy Planet Earth told the Faction 1 to Stand Down or face extinction - and they were dead serious.

Faction 3 - The Fence Sitters - are waking up and are now supporting Faction 2 - do not kill off the Human Race and they are now stating the Obvious - this is a Huge Scam-Demic, the Facemask is useless and the "Vaccine" is 100% Useless.

Faction 4 - The Clueless - TV Watchers scattered across the planet. These folks will never wake up - there is no hope for these people unless the media can be taken back and the truth told.

The leadership of Russia is in Faction 3, and have eliminate Putin and decided to help preserve planet Earth. To this end they allowed a Russian Company to file an International Patent not only on the "Fake Vaccination" but also on the Human DNA that is produced by the shot

This can, of course, be challenged but it;s challengers will lose.

Faction 2 is fully awake and Faction 3 is now waking up

Lucifer & Faction 1 - Do Not Blow My Planet Up You Freaks and Fallen Angels.

One interesting fact - now that the UN has ordered us to stop this stupid Lock Down And Face Mask wearing - Those governors who order it may be guilty or Treason and may be hung.

To this wend GITMO Cuba is now being fully staffed and preparing to receive High Level US Traitors - DOJ Employees, Governors & The Like

People Like the Former CIA Director like John Brennan will not be prosecuted but may either be terminated of arrested with no prosecution a the Demons in him run away like cowards.

We shall see what happens
