

THE PREDATORS

April 4th, 2021

The Predators are a class of people who live on the public purse.

They are paid with public taxes or public contracts.

Yet, they do not work for the public.

They may be Civil Servants, local government officials, politicians, corporate companies, or Bankers.

People, who you thought, provided a service to the population.

But they changed the laws.

They changed their ideology.

And they changed their allegiance.

Instead of protecting our institutions of Law and Government They took bribes to protect The Corporations.

Instead of protecting the people, they protected the Rich.

They destroyed our justice system.

They destroyed our legal system.

And they corrupted the Lawyers and Accountants.

And made them their pawns.

And as they became more greedy.

They paid themselves higher and higher wages.

And drained off billions into their pension funds and off shore accounts.

They watched as society and government disintegrated.

But did nothing.

They justified their blatant frauds with a Socialist Marxist ideology.

They unified their network of fraud, throughout the whole of the national administration.

And then throughout the world administrations.

.

The Corporate Network became a network of financial control.

The Main Stream Media became a tool of mind control.

And the United Nations and their institutions were taken over by evil Satanic entities.

The Predatory Class did nothing to stop this.

They laughed as the institutions of democracy were destroyed.

They creamed off more and more bribes as the Tenets of Government crumbled.

Honesty, Integrity and Justice were replaced with; Woke insanity, war, fraud and depravity.

Christianity was ridiculed and Satanic worship legalised.

The fabrics of society were ripped apart by paid insanity

The Satanists took control,

They destroyed our families and our morality.

They took children from their homes for sex and sacrifice.

And yet, our paid protectors in The Civil Service, local government, security agencies, politicians,

Still stole more money.

They even awarded themselves royal titles; Lords, Baroness, Sir, Judge. Dame.

And created fake jobs in fake departments, controlling fake contracts.

But with real taxpayer money going into slush funds.

The Corporations paid no tax but the Civil Servants didn't care.

The rich became richer and the poor became poorer.

But still they didn't care.

Our Public Servants who had sworn an oath of allegiance to serve Queen and Country

Became, The Predators.

They helped the Banks become "Too big to fail "

They helped The Media become too powerful to control.

And The Corporations become too corrupt to prosecute.

The Internet Tech Firms took control of all written word and communications.

The Predators spread their wings as they took over Global Institutions and corrupted them.

But somewhere along the line the Socialist/Marxist ideology

Became Satanic.

These people are not clever.

These people are not even intelligent.

They just created a corrupt world where they were the financial winners

And everybody else got robbed.
They were Amoral. Above morality.

They thought they were clever.
Because their schools, universities and institutions told them they were clever
And awarded them certificates of Honour.

But they were "Academics." Parrots, not thinkers.
These same institutions had also told them that, "Profit Came Before People."
So they weren't clever, they were just corrupt Criminals.

A Predatory Class of criminals who thought morality was for the plebs.
A Predatory Class that thought that their conscience could be adjusted to fit.
A Predatory Class that didn't know the difference between right and wrong.
A Predatory Class who thought themselves superior in Intellect and above British Law.
A Predatory Class, so rich, they didn't need any more money,
But used thousands of trafficked children for sexual ritual sacrifice.
As currency.

A Predatory Class that used your children as currency.
A Predatory Class that used God's children as currency.

They said they worked "for the greater good. "
But they worked for themselves.
They worked for their own egos, their own greed and their own vacuous social status.
For The Greater Good is a phrase which hid their treachery and betrayal under a shroud of respectability.

For The Greater Good is the original lie.
The lie which was used as the base of all the other lies.
The other lies which created an illusion of superior intellectual power.
Out of the depravity of legalised criminal fraud and paedophilia.

The London Bubble. RIP
