This is an emergency update.

Iran's top military commander Qasem Soleimani was assassinated in a U.S.. airstrike.

He was a Major-General responsible for terrorism around the world, he sent Iranians to the civil war in Syria he sent troops to the Baghdad riots. They all had hats on & people in Baghdad don't wear hats he gave them with black hats with Muslim writing

Major General Soleimani got a hold of three nuclear weapons which he was planning on using.

He had given the orders to use these nuclear weapons to start World War 3 in the name of the CIA

So the United States will be vilified United Nations will be made heroes

ASSASSINATED IRANIAN GENERAL QASEM SOLEIMANI Was a nuclear terrorist with an imminent plan to nuke Washington USA.

The Pentagon has confirmed that Soleimani was killed under the direction of President Trump.

The statement by the Department of Defence at the direction of the president

“The US military is taking decisive action to protect US personnel abroad by killing Qasem Soleimani the head of the Iranian Revolutionary Guard Corps groups, the U.S.. designated foreign terrorist organization.”

In other words the CIA felt him a danger the KGB must have agreed.

He was in charge of Iranian intelligence all he wanted to do was stir up trouble

UNITED NATIONS GLOBALISTS Linked to Washington nuclear attack.

He was working directly with the United Nations. So the UN were responsible for the deaths of hundreds of Americans caught in coalition attacks. And the wounding of thousands more.

He also orchestrated attack on coalition bases in Iraq

Iraq, Baghdad was one of his targets with the nuclear weapons

Jerusalem was the second one

And I believe Washington DC was the third one.

It may be detonated in the next two days if the Secret Service doesn't get off their dead butts and start helping looking for this.

You should expect orchestrated attacks on coalition bases but I believe they got the freighter that has the nuclear

weapon in it which was going to dock either in Washington DC or New York.

In other words they killed the man who had released three nuclear weapons for detonation which would have started World War three. Baghdad Jerusalem and Washington DC.

While Trump has yet to make a statement he tweeted the American flag we're going to wait till tomorrow but if you are listening to this understand, the members of the US legislative bodies in The Senate & The Congress; Schumer knew about this I don't know if [Adam Schiff](#) knew about this I don't think Nancy Pelosi could understand what's going on but it's been announced on Russian TV Iranian TV that they have indeed killed him and his staff and the nuclear football that he was carrying for the detonation of three nukes around the world which will not be told on any other channel remember

We've been taking nukes out of Iran for a long time but these were provided by one section of the CIA. They told me Comey & Mueller was involved and there was one other member of the FBI that was involved I don't know exactly if they were the ones responsible for transporting the nukes or they were the ones responsible for some of the planning.

US Democrats knew of Washington imminent nuclear attack & were leaving.

Democratic congressmen knew about this but they kept their mouth shut because they got a big payoff from the Rothschilds for their little Golf Club to keep their mouth shut about this they just sort of were going to leave Washington DC tomorrow morning.

Yeah find out who is leaving me seeing you know who was responsible for

So again Qasem Soleimani was the one who's been building the Iran nuclear program without anybody's assistance is dead.

Remember these people are chipped so we know their exact location and when he decided to use nukes against the USA, Trump called Putin & Xi Jinping and they put an end to this.

Now of course everybody's going to condemn it. With the CNN, MSNBC, CIA, British Media, Associated Press, crap but Trump is eliminating those who are attempting to send nukes into the United States and he is now going to assassinate those people helping those who are trying to nuke US cities
